*ErgoExpo™ applications now available for the Attendees’ Choice Awards*

**Palm Beach Gardens, FL – September 16, 2014** – The **National Ergonomics Conference & ErgoExpo**, the nation’s largest, longest-running ergonomics conference and tradeshow, announced it is now accepting nominations for the 2014 *Attendees’ Choice Awards*. Winners will be announced during the 20th annual event being held December 2 - 5, 2014 at Caesars Palace, Las Vegas.

The awards acknowledge new products in the ergonomics industry that provide the best opportunity to increase productivity and profitability while improving workplace health and safety. During **ErgoExpo™**, industry professionals from top companies will view nominated products on display in the Expo Hall, and vote for the product they believe is the best new ergonomics solution.

“The Attendees’ Choice Awards program is an exciting highlight of **ErgoExpo™**,” said Walter Charnizon, Managing Director, **ErgoExpo™**. “It is the one time each year when the industry’s most important new products can be seen, touched, and compared all at one time, all in one place.”

Winners of this year’s *Attendees’ Choice Awards* will receive a crystal award to display at their headquarters or in their booth at other events, an “award winner” logo to add to online and print promotional pieces, special mention in a post-show press release, and award ceremony photos.
